1. Study Background

In the year 2008, the Freedom Zoning Board determined a Planning Study of Freedom Township property use, related zoning issues, possible limitations and other related information would be an asset to the Township and its residents.

Freedom Township should also exchange information and views on planning and development in the process of conducting advance study on planning and cross-boundary infrastructure projects. Joint studies should also be conducted on areas of mutual concern.

2. Study Purpose

The objective of the study is to formulate a development strategy by taking a forward-looking perspective to consider the opportunities and constraints of the Township. Through better resource utilization, environmental protection and development of transport infrastructure, the strategy would improve the environment, enhance living quality, ensure sustainable development, and strengthen the overall competitiveness of the township.

3. Organization of the Study

(a) Michael Mikulski

Mikulski is mainly responsible for the overall coordination and decision making for the work schedule and arrangement of the Study.

(b) Zoning Board and Trustees

The Zoning Board & township Trustees are responsible for the planning and implementation of the Study, and its main duties are:

- i. to map out major study areas and action plan of the Study;
- ii. to provide assistance to the Mikulski in resolving any problems encountered in the Study;
- iii. to organize and convene meetings, examine and endorse the findings at various stages of the Study to ensure the quality of the deliverables; and
- iv. to unfold other related assignments.

4. Scope of Study

The Study comprises four major topical studies on the:

- (a) overall development strategies;
- (b) cross-boundary transport infrastructure and co-ordinated development;
- (c) strategic environmental impact assessment and resources protection and utilization;
- (d) institutional mechanism for co-ordinated development and action agenda.

5. Progress of Study

The topical studies were completed in 2009 and endorsed in principle by Mikulski, the Freedom Zoning Board as a whole and the Freedom Township Trustees formulation of the recommendations in the Draft Final Report. The Study is expected to be completed in mid 2009.
